

Use Wolseley Express to track your purchases both online and offline

Wolseley Express lets you custom search products based on your own purchase history in the 'My Ordered Products' link

The **Product Search** section on Wolseley Express provides the ability to view Wolseley's vast product offerings, and because the system tracks your purchases, you are also able to customize your shopping experience.

Once signed into the site, click on the **Product** tab where you will find the '**My Ordered Products**' link. When you click on '**My Ordered Products**' the search results that return will now be based on your actual order history.

The products are ranked starting with your most frequently purchased products making it easy to find the products order most often.

So now when you visit Wolseley Express you can shop with your own personalized history of products.

Use the 'Best Seller Products' link to find the sites most purchased products

View top selling products at Wolseley within the last 6 months. Each search will filter the best selling products for that category.

Looking for items that are related to the product you are purchasing?

Click on '**Customer Also Bought**' in the Product Search Results page. The link provides a list of the top 20 SKUs that were also purchased by customers with that particular SKU. Find your associated products quickly and easily.
