**The Professional's
Choice in Plumbing**

For over 50 years, BrassCraft has been a brand professional plumbers trust for quality and dependability in water supplies, brass fittings, and gas and water heater connections. With over five decades of experience and dedication to innovation and quality, it is no wonder that BrassCraft remains the industry leader in Plumbing Products today.

BrassCraft, a multi-national corporation, has over one million square feet of manufacturing, assembly, packaging, warehousing and distribution facilities to meet the needs of an expanding global market. And with state-of-the-art research, development and testing facilities, BrassCraft is committed to bringing only the highest quality products to you and your customers.

**Highest Quality
Standards**

**The Plumbing
Experts**

Now, professional plumbers can enjoy the same high quality standards in a full line of reliable, easy-to-use professional plumbing tools. BrassCraft Tools are manufactured and designed with the same exacting standards that you have come to expect from BrassCraft products. The line offers everything you need to service the professional plumber including tube cutters, PVC saws, hacksaws, tube benders, flaring tools, faucet and sink tools, drainage tools and specialty wrenches.

Brass  Craft
A Masco Company

We match our high standards for product with an equally high standard for customer service. When you call BrassCraft, you are our number one priority. Our sales and service team is ready to answer your questions and fill your orders promptly and courteously.

**The Best Service in
the Industry**

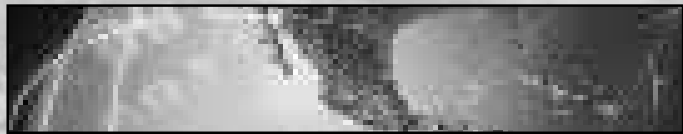

BrassCraft is an advocate of electronic commerce. As the industry leader in customer service, we continually strive to implement the latest technologies that enable us to serve you better.

**The Latest
Technology**

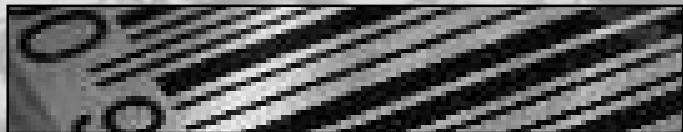

EDI

You can save time and ensure accuracy by ordering electronically through our EDI (Electronic Data Interchange) system.

SURECOUNT™

We developed the SureCount™ shipping verification system to improve efficiency in the distribution stream and reduce your receiving costs. Using state-of-the-art bar code technology, SureCount™ verifies outbound shipments and eliminates your need to double-check the shipment against the order, saving you time and money.

WEB AND E-MAIL ACCESS

You can access the BrassCraft web site (www.brasscraft.com) at any time for updates on product specifications, new products and more. You can also reach us via electronic mail.

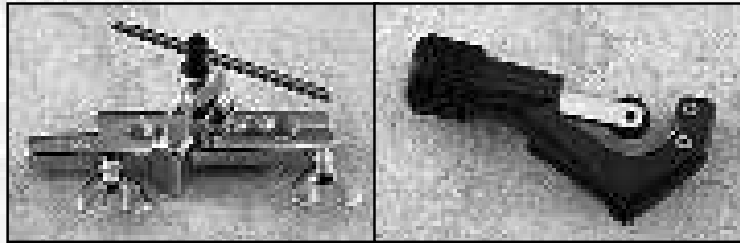

**Recognized
Around the World**

Plumbing professionals around the world recognize BrassCraft as the leader in plumbing products. Our international sales team reaches from Canada to Argentina and throughout Southeast Asia and the Pacific Rim.

The BrassCraft Tool line offers a full array of reliable, easy-to-use professional plumbing tools. With a variety of tubing, drainage, sink and faucet tools, our line has everything you need to service the professional plumbing market.

**Breadth
of Line**

Any plumber will tell you that BrassCraft stands for *quality*. Whether referring to water supplies, fittings or gas connections, BrassCraft is known worldwide for superior quality and service.

BrassCraft utilized that same expertise to create a tool line that meets and exceeds those high standards established five decades ago for product durability and innovation. Our state-of-the-art research, development and testing facilities further support our long-running tradition to bringing only the best products to the market.

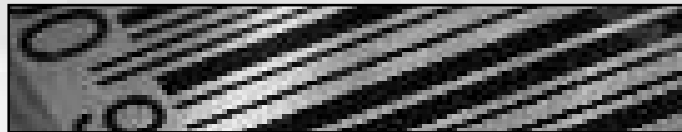

**#1
for Quality**

**Dynamic
Packaging**

The plumbing tool line features the signature blue and yellow graphics that professional plumbers recognize as BrassCraft. Packaged in resealable, clear vinyl bags, our tools are easy-to-see and easy-to-sell.

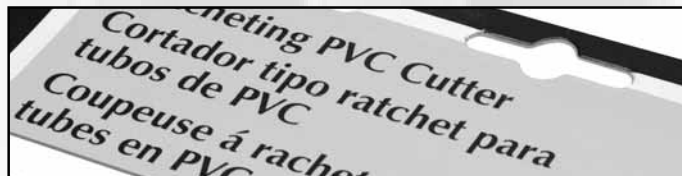

UPC TECHNOLOGY

In our efforts to better serve you and your customers, BrassCraft's packaging utilizes the latest technology in bar code systems. Each product is bar coded for easy inventory tracking and order transmission.

TRILINGUAL

To meet the needs of an expanding global market, our plumbing tools feature trilingual verbiage. Product descriptions and product usage instructions are provided in English, Spanish and French to better serve the needs of our customers.

RE-SEALABLE

Each plumbing tool is packaged in its own convenient vinyl storage bag. Re-sealable for easy product access, the vinyl bag provides greater product visibility creating a clean and professional display.
